PROFESSIONAL SUMMARY

Educator with more than three years of teaching experience across elementary and secondary levels, complemented by experience in licensed childcare, private in-home education, and individualized academic tutoring in Ontario. Currently completing the Early Childhood Education diploma at Humber College (expected May 2027). Experienced in developmentally appropriate, play-based learning; foundational literacy and numeracy; curriculum-aligned instruction; differentiated teaching; student assessment; and family communication. Holds Bachelor of Science and Bachelor of Education degrees with Canadian equivalency assessed by World Education Services (WES).

CORE COMPETENCIES

Early childhood development & play-based learning • Foundational literacy & numeracy • Ontario curriculum-aligned instruction • Lesson planning & differentiated instruction • Student assessment & progress monitoring • Positive guidance & self-regulation • Inclusive classroom environments • One-to-one tutoring & individualized learning plans • Family communication • Classroom routines, transitions & supervision • Student mentoring & social-emotional support

PROFESSIONAL EXPERIENCE

Private In-Home Educator | Foundational & Secondary Learning

Keerthika Mohanmoorthy – Private Education Practice | Freelance | Toronto, ON | January 2026–Present

- Provide individualized, one-to-one in-home educational support for public-, private-, and home-schooled learners from preschool through higher secondary levels.
- Plan structured, developmentally informed instruction aligned with Ontario curriculum expectations and learners' academic needs.
- Strengthen foundational literacy, numeracy, learning confidence, and independent learning skills.
- Work with a select number of families to support continuity of instruction, personalized planning, and ongoing academic development.

Early Childhood Educator

Gold Circle Early Childhood Daycare Centre | Part-Time | Etobicoke, ON | July 2025–December 2025

- Designed and implemented developmentally appropriate, play-based learning experiences for preschool children (ages 1–4), Kindergarten (JK–SK), and school-age children (Grades 1–5).
- Planned early learning and academic-support activities supporting literacy, numeracy, self-regulation, collaboration, and positive learning behaviours.
- Supported safe, inclusive, and organized learning environments while responding to individual developmental needs.
- Collaborated with educators and families to support children's learning and well-being.

Early Childhood Educator

The Little Campus | On-Call | Toronto, ON | May 2025–Present

- Support play-based learning and developmentally appropriate programming across childcare settings.
- Supervise children during indoor and outdoor activities, prioritizing safety, engagement, and well-being.
- Assist with daily routines, transitions, snack times, and learning-centre activities.
- Encourage children's independence, self-regulation, and positive social interactions.
- Collaborate with educators to maintain welcoming, inclusive classrooms and communicate respectfully with families.

Academic Tutor

Tutor Doctor | Contract, Part-Time | Etobicoke, ON | July 2025–December 2025

- Delivered individualized, one-to-one in-home academic support to learners ages 3–15, from preschool through secondary grades, with support for selected university-level courses.
- Provided instruction in phonological awareness, phonics, early reading, writing, letter formation, sentence construction, number sense, and problem-solving.
- Reinforced classroom learning and supported homework, attention, focus, and independent task completion.
- Adapted lessons to students' learning needs and communicated progress, goals, and next steps with parents.
- Completed professional development in effective tutoring practices, student engagement, lesson structure, and progress monitoring.

Science & Psychology Teacher | Student Mentor

Future Senior Secondary School (CBSE) | Ambur, India | June 2022–April 2025

- Planned and delivered curriculum-aligned Science and Psychology instruction for students in Grades 6–10 using inquiry-based and student-centred approaches.
- Designed lesson plans and assessments to develop conceptual understanding, critical thinking, ethical reasoning, and academic skills.
- Taught Psychology topics including human behaviour, cognition, mental health, and social development.
- Applied differentiated and inclusive teaching strategies and used formative and summative assessment to monitor learning and guide instruction.
- Supported academic writing, research skills, assessment preparation, and students' social-emotional development.

- Served as a student mentor, fostering confidence, engagement, and respectful learning environments; communicated with families and collaborated with colleagues.

EDUCATION
